## Household Water filters

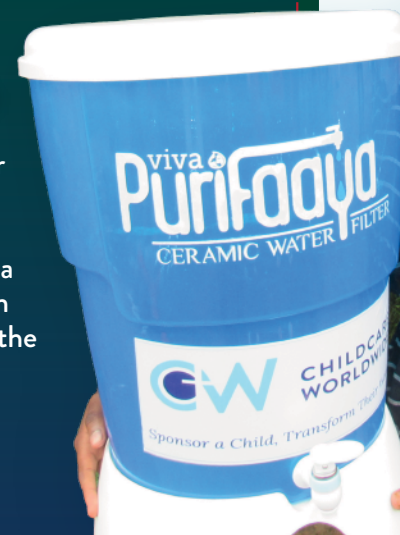

Provide families with long-lasting clean water by transforming unsafe, contaminated water into safe, drinkable water every day.

## WHY WATER?

Water is one of life's most basic needs — yet the impact of not having it is devastating:

6,000 children die every day from water-related diseases.

1 in 9 people lack clean water close to home. Your gift can change this. A simple home filter provides safe water for a family, protecting them from illness and pointing them to the Living Water — Jesus.

## Where Most Needed

Meet urgent needs and share hope where it's needed most.

Your gift to the Where Most Needed fund strengthens every part of this ministry — making moments of hope possible when children need it most. Because of generous friends like you, we can respond instantly with clean water, emergency food, medical help, and discipleship support, without ever saying “not yet” to a child in need.

This year, your support helped provide mattresses, install community water tanks, deliver emergency food after storms, and sustain Life Centers where 5,000+ children worship, learn, and grow in faith each week.

Your support of the Where Most Needed fund keeps hope flowing, needs met, and the Gospel moving forward.

Give today and help ensure children receive the care and hope they need, right when they need it.

### Your generosity steps in when families have nowhere else to turn.

When twelve-year-old Icker in Peru fractured his arm, his mother couldn't afford treatment — but gifts to the Where Most Needed fund helped cover his care and restore his strength and smile. Today, he's healthy, studying, playing, and learning about Jesus with confidence.

*“Because of donors like you, my son can play, study, and dream again. You gave him hope and gave me peace.”*

— Lizbeth, Icker's mom

## Gifts For Health

Help children stay healthy, strong, and full of hope.

### Girls' Hygiene Packs

Your gift gives a girl dignity, confidence, and the supplies she needs to manage her menstrual cycle, stay in school, and keep pursuing the bright future God has for her.

### Medical Pack

In places where medical care is out of reach, your gift provides vital care like check-ups, medication, and treatment so children can stay healthy and thrive in Jesus' name.

## MEET AGNES

### Can you make a difference? Just ask Agnes!

Before receiving a hygiene pack, Agnes often missed school and choir practice because she didn't have the supplies she needed, leaving her feeling embarrassed and behind. With consistent access to hygiene items, she now attends class confidently, sings in choir, and dreams boldly about her future.

Your generosity gives girls like Agnes confidence, renewed hope, and the opportunity to pursue the future God has for her.

## Abel's Story

### From Sponsored Child to Published Scientist

Before sponsorship, Abel in Kenya wasn't sure school would ever be possible. But when someone chose to sponsor him, **everything changed**. Through education and discipleship, he discovered his God-given potential, and today, he is completing his **Master of Science in Physics** and has published research that helps protect communities from harmful pesticides.

Abel's journey shows what happens when a child is given hope, opportunity, and someone who believes in their future.
